

LIEBKIND

(astonished by the question)
Vit the Fuhrer, of course. He liked me. Out of all the household staff at Berchtesgarden, I vas his favorite. I vas the only one allowed into his chambers at bedtime.

BIALYSTOCK

No kidding?

LIEBKIND

(flies into an indignant rage)
That's because you were taken in by that verdampfer Allied propoganda. Such filthy lies. But nobody said a bad vord about Winston Churchill, did they? Oh no, Vin Vit Vinnie!
(he gestures V for victory)
Churchill, vit his cigars and his brandy and his rotten paintings. Couldn't even say Nazi. He would say Narzis, Narzis. Ve vere not Narzies, ve vere Nazis. But let me tell this, and you're getting it straight from the horse, Hitler vas better looking than Churchill, he vas a better dresser than Churchill, had more hair, told funnier jokes, and could dance the pants off Churchill!
