

BIALYSTOCK

It's good to see you again, Roger.
Did you get a chance to read
"Springtime For Hitler?"

ROGER

Remarkable. Remarkable. A stunning
piece of work.
I think it's a very important play.
I, for one, never realized that the
Third Reich meant Germany. I mean
it's drenched with historical
goodies like that.

At last a chance to do straight
drama! To deal with conflict,
with inner truth.

Roger De Bris presents
history. Of course, I think we
should add a little music. That
whole third act has got to go.
They're losing the war. It's too
depressing. We'll have to put
something in there.

(gripped by his vision)
Aaahghhh! I see it! A line of
beautiful girls, dressed as Storm
Troopers, black patent leather
boots, all marching together...
Two-three-kick-turn! Turn-turn-
kick-turn!
