them monkeys were just talk. Ya know what happened to him?

ADON-RA: What?

BURNOUT: His primate buddy shot him in the back of the head and ate his face. In front of his whole family. And then...he raped the guy's pets.

ADON-RA: Durk.

BURNOUT: Durk is right. U G C did a good thing when they made it legal to kill humans. Kept us all safe. Let us be able to protect our families from those cannibals.

ADON-RA: You can say that again.

HURT: Yeah.

(BURNOUT and ADON-RA glare at the hooded figure.)

BURNOUT: So they had me cornered, right? Humans all over the place. We somehow wandered into one of their nests. And they looked hungry.

ADON-RA: What did you do?

BURNOUT: I threw out some bovine meat. We kept some on us for just this kinda trouble. Humans loves them some bovine. Can't keep away from it. They just swarm to it like a pack of growls. And while they's was chomping down on that bovine, we begin shooting them up like it was a carnival game.

ADON-RA: You're a hero, Bro. You're a qwardin' hero to all of us.

BURNOUT: I was just doing whatever any good United Galactic Citizen would do. Protecting our people.

ADON-RA: *(To the bartender)* Hey, get me a few shots for my friend here!

BURNOUT: Come on, buddy. You don't have to do that.
